### Professional Summary

I am a proficient and creative WordPress developer with experience in website management and development. Also, richly versed in SEO and SEM. Skilled in WordPress website creation, including design, plug-ins customization, and implementation of designs. Skilled in creating engaging and interactive websites. Excel at team projects and leadership. Detail-oriented and knowledgeable in various programming languages. Dedicated to superior customer service at all levels from the first meeting with a client to the website maintenance after launch.

### Skills

- Excellent ability to troubleshoot and work with clients to solve problems or find solutions to requests.
- Solid background in managing interactive elements of websites to create a fulfilling user experience based upon client guidelines.
- Superior skills in working with a team to create websites that will exceed customer expectations.
- Ability to work well under pressure to meet hard deadlines and stay within budget while still being able to provide clients with exactly what they want.
- Committed to providing secure websites that use the latest methods to protect against all types of threats.

### Work Experience

**A. WordPress Developer: Makonjo • 2016 – 2018, PROVEIT USA • December 2017 – march 2018, ActivSpaces • APRIL 2017 – 2018, Cafestyle Academy, UK • 2017 – May 2018**

- Build websites using WordPress.
- Prepare website proposals to present to clients.
- Provide technical support to clients.
- Use ACF, toolset and PODs to build custom post types.
- Write coding using HTML and CSS.
- Design new features for existing websites.
- Act as the company expert in creating PPC and Google AdWords campaigns to be integrated with new website builds.
- Customize themes to meet clients' requirements.
- Manage a user guide to help clients understand site features and management of website to increase visitor satisfaction.

- Work on a new mobile development project to expand the company into mobile website development services.
- Mentoring interns that wished to learn WordPress

**In addition to these I helped the Marketing team of Makonjo and Provelt USA in the following;**

- Managed comments from visitors, including private emails and comments posted on the site.
- Introduced new plug-ins and extensions to make the website more usable and interactive.
- Created content for blog and SEO purposes to help drive traffic to the site.
- Led social media campaigns, including writing posts and managing a team that made posts on a regular basis.
- Updated website as instructed by client to introduce new features and content.
- Ensured hardware and software worked properly without errors.
- Helped in the creation of new website features to update sites for new SEO rules.

**B. ORGANIZER • Google Developer Group • MARCH 2017 – present**

Responsibilities: Organize workshops and introduce latest google technologies through seminars and events. Also, in charge of handling code labs related to WordPress and google cloud.

**C. Founder/ CEO • Njaka • January 2015 – present**

Creating and maintaining the Njaka community. Designing workshops to help teach kids how to write computer programs.

## **Education**

BSc Computer Science • 2018 • University of Buea.

Studied and acquired a BSC in Computer Science and took some course on Human Development and Human Psychology.

FreeCodeCamp • 2017 • Present.

Here I sharpen my skills in Full Stack web development; since my dream is to become one. I currently learning React on this platform and already building some simple web applications with React.

## **Hobbies**

Playing football and creative writing, volunteering @ tech event 😊
