Ref: Tanue Eugen-Bleck Mbunwo.  
To whom it may concern,

Eugen is part of an ongoing project here in the States, Housetourmaker. He serves as one of our remote web developers. Our company also worked on improving SEO and ranking for the EXIT Heritage Real Estate, where Eugen was tasked with auditing and fixing issues that arose from the audit.

Eugen's contributions also include building real estate property websites while serving as a webmaster for all 10 plus sites.

Eugen has always been a team player, offering constructive criticism, and advice with all things SEO, SEM, and UI. In addition to these, he has provided us IT support for both the clients and our remote offices.

I can say that Eugen has been a joy to work with on our diverse and challenging projects. He's a team player with a positive attitude, eager to learn and highly motivated. I would certainly recommend Eugen for any task related to software design, website (both backend and public-facing), SEO, and SEM. Eugen also has worked well with our entire team and would be an asset to any organization.

I am pleased that Eugen reached out and allowed me the honor of recommending him for the role of Web Master and SEO Manager.

Please contact me by Skype hickman15 to chat personally.

Regards,

To whom it may concern

I highly recommend Eugen-Bleck as a candidate for your employment. Eugen Bleck joined Makonjo as a Web Designer in 2016. Since then, he has handled many different roles including Web Master, WordPress Developer, Front End Developer, Search Presence Administrator, and Digital Marketer.

Throughout his work at Makonjo, Eugen has demonstrated strong technical abilities, an unquenchable ability to keep learning, collaboration, open-mindedness, reliability, and best of all, the ability to get work done with very little or no supervision.

Eugen took over one of our product lines, learned the skills needed to manage the product and the business, and managed product design, delivery and customer service, with very little assistance from staffers in other teams.

Eugen will be an invaluable asset to your organization and I highly recommend you hire him. I am open to communicate by email or take planned calls if you have any questions.

Sincerely,

Otto Akama

Managing Director

Makonjo Group Limited

To Whom It May Concern,

It is my pleasure to recommend Tanue Eugen-Bleck Mbunwo in the position of Webmaster and Social Media Manager.

Working with Bleck at Expert Versions in the position of Web designer and web master for our system has made him to become a valuable asset to our team. He is an honest, hardworking and dependable person who has an eye for details in his work. Beyond that, he is an excellent communicator, always eager to discuss the nuances of new features, participate in constructive discussions and activities on how to better represent our brand online by optimizing SEO, ranking us for our desired search term, providing reports for the overall analytics of our platforms as well as attending customers' request to understand the full picture; end-to-end.

Along with his strong knowledge of web development, Bleck has always been an absolute joy to work with. He is a true team player and always manages to foster positive discussions when working with other stakeholders in the organization.

Please feel free to contact me at [carl@expertversions.com](mailto:carl@expertversions.com) should you like to discuss Bleck's qualifications and experience further. I would be happy to have the opportunity to expatiate on my recommendation.

Sincerely,  
Carl Mbeng

CEO & Founder, Expert Versions | Director, Central Africa Centurion Law Group

To Whom this may concern

Dear Sir/Madam

I would like to extend a hearty recommendation for Tanue Eugen-Bleck.

Eugen has been very instrumental as part of the team at Odetrada, from when he joined as a contractor to fill a senior Web developer and Webmaster role. He was assigned a very fast-moving and high-profile project with urgent need for delivery, also to which we inadvertently added an extra layer of pressure by selecting a platform that Bleck had to newly find acquaintance with during the process in completing the project (Jekyll).

Eugen could display an innovative mindset to capture the core functionalities of Jekyll documentation and emerged to practically apply the requirements with a clear and concise understanding of the platform and its basic principles. His agile participation was outstanding with even a prototype ready for review well ahead of schedule.

While progress was made on the project, Eugen continued to impress. He handled change requests as they came in, asked questions at all the right times, and provided solid status reports. His strong fundamental skills carried him through some genuine engineering problems we encountered.

Most importantly to my mind, he worked very well with the other team members on the project. The strong working relationship he established with the project manager, resulted in a very comfortable delivery of our application.

Eugen's affable nature and deep fundamental skills makes him a great fit for anyone looking to hire a senior web developer or webmaster. His commitment to the project and to our agency through the project was refreshing. I am happy to say he is amongst the very best contractors I have committed in 3 years at Odetrada.

To Whom It May Concern,

### **Recommendation Letter For Tanue Eugen-Bleck Mbunwo**

Dear Sir/Madam,

Kindly accept this letter in support of the application for the job position of Web Master And Social Media Manager by **Tanue Eugen-Bleck Mbunwo** who is one of my exceptional community organizers.

Tanue Eugen-Bleck Mbunwo is an excellent web developer who has stunned many on his projects by exhibiting excellence in web development (JavaScript, React/Redux, Laravel, HTML and CSS), webmaster skills, SEO as well as Social Media Roles. Besides being an organizer of the [Google Developers Group Buea](#) where he's been voluntarily training junior developers, he has demonstrated excellent teamwork in collaborating with other community organizers to organizers awesome events in the Silicon Mountain community. He has also demonstrated exceptional leadership in pioneering the first program to train children in basic computer programming skills called [Njaka - Let's Code](#) program.

All in all, Tanue Eugen-Bleck Mbunwo has demonstrated beyond reasonable doubt his ability to think independently, web development, SEO skills, teamwork and capacity to communicate in public.

Thank you for your consideration of my recommendation.

Very truly yours,
